

# Kodosky Donor Lounge

## Technical Specifications & Information Sheet

---

### Overview

The Lounge is enclosed with glass from floor to ceiling and sits on the east side of the building. Views of the Austin skyline can be seen from this rare reception and meeting space.

### Seating and Capacity

The Kodosky Donor's Lounge is a multi-configurable "event room". Wenger portable platforms can be used to create a small stage area. Wheelchair and handicap access is available in all seating configurations.

Maximum Room Capacity is dependent on layout configuration. In general, "standing room only" capacity is 416; Seated with tables and chairs is 208. Capacity numbers must include all people working at a given event.

---

### Room Dimensions

Floor plan Dimension: 137' long x 30' wide

Floor to Ceiling Height: 8' (lowest), 10' (tallest). The majority of the room is 10' tall.

### Room Access:

The Kodosky Donor Lounge is on our Mezzanine level. There are stairs and three elevators.

Two patron elevators through **Main entrance** -

- Wall to wall, with handrails: 6'-4" wide x 5'-2-1/4"
- Wall to wall, without handrails: 6'-8" wide x 5'-4-1/2" deep (handrails must be removed)
- Floor to ceiling: 7'-6"
- Door opening: 3'-6" wide x 7'-0" tall
- Posted weight capacity: 3,500 lbs.

One service elevator through **Rollins' loading dock** –

- Wall to wall with handrails: 6'--3-1/4" wide, 4'--3-1/2" deep
- Floor to ceiling: 7'-6"
- Door openings: 3'-6" wide x 7'-0" tall
- Doors on two sides; doors are offset (not centered on the car)
- Posted capacity: 2,500 lbs.

#### **Lectern:**

A standard lectern is available. It is equipped with (1) microphone jack.

#### **Audio Equipment:**

The room comes with a 70v ceiling speaker system. A wired connection must be made to enable service. This system is for voice reinforcement and background music only.

---

## **Loading Access**

Access is via stairs or elevator. Equipment should fit through a standard door – 33" width x 83" height.

---

**No cooking in the Kodosky Lounge. Food warming units only.**

---

## **Lighting Positions and Circuits**

The Kodosky Donor Lounge does not have a theatrical lighting system. There is recessed lighting for various zones of the room. Control of these zones is through dimmer switches on the west wall.

There are various 20amp circuits, with Edison plugs around the room. In addition, there are "bar plugs" that can provide an additional 3x 20amp circuits when not in use by the portable bar units.

---

## **Sound System**

#### **Loudspeakers:**

Installed speakers in the Kodosky Donor Lounge are 70v ceiling "cans". These speakers are designed for vocal reinforcement and music playback. They are not to be used for DJ or live music playback – this use could damage the system.

**Depending on availability, there is a scalable sound system available for an additional fee. Consult with Event Services on charges.**

**Audio equipment available for rent – (depending on availability) – “Audio Rack”**

Mixer – Yamaha MGP16x-CA

CD player/recorder – Denon DN-C550R

Wired microphones: Hand

- a compliment of 5x Shure SM 58, (depending on availability)
- 1x Astatic 827A (“goose neck” mic for lectern)

**2023 – 2024 Rental rates for Audio Equipment:**

Audio Rack, up to 5 microphones/ no operator - \$348.00/day

“Set and Forget” single microphone/ no operator - \$64.00/day

A/V system rental - call for availability and rate.

Wenger riser stage - call for availability and rate.

**Audio Power:**

In the Kodosky Donor Lounge there are 2x 20amp power outlets labeled “Audio Only” on the South wall. These have an isolated ground specifically for audio equipment. They should only be used for audio or video devices.
